Eyob Arega

SOFTWARE ENGINEERING STUDENT & ASPIRING WEB DEVELOPER

Addis Ababa, Ethiopia • +251 992 320 654 • eyob.arega@aastustudent.edu.et
github.com/eyobarega-debug • linkedin.com/in/eyob-arega-1b958b405/

PROFESSIONAL PROFILE

Dedicated and analytical Software Engineering student with a strong foundation in C++, Python, and full-stack web technologies. Highly motivated to master web development by building practical digital solutions. A collaborative team player who thrives in solving complex coding challenges and believes that "practice beats theory."

EDUCATION

Addis Ababa Science and Technology University (AASTU)

2024 – Present

BSc in Software Engineering

- Current Year: 3rd Year, Section B
- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Internet Programming, Digital Logic Design, Database Management.

TECHNICAL SKILLS

Programming Languages

C++, Python, JavaScript, Java

Web Development

HTML5, CSS3, React & Vite, Node.js, Express

Databases

MySQL, PostgreSQL

Tools & Workflows

Git, GitHub, VS Code, MinGW / GCC

Soft Skills

Analytical Problem Solving, Team Leadership, Communication

PROJECTS

ClassQuest

React, Vite, C++, JSON

- Developed a learning platform to help students practice coding challenges and track their progress.
- Built an interactive frontend using React and Vite, connected to a robust C++ backend logic.
- Designed a structured JSON schema to manage questions and user data efficiently.

Gibiyachen

HTML, CSS, JavaScript, Node.js

- Designed and built a digital marketplace specifically tailored to connect students with local sellers.
- Developed intuitive web interfaces for product listings and integrated basic communication features.
